REPORT ON TECHNOPEdia 2.0 COMPETITION

Timings: 10:00 AM to 11:30 AM

Venue: College Auditorium

No. of Participants: 149

Organised For: ADGITM Students

According to the proposed plan, the **Department of AI & ML** in association with Logix organised a **Quiz Competition, TECHNOPEdia 2.0** which was held on **Thursday, 30 March 2023** as a part of **Utkarsh 2023**, the annual cultural fest of ADGITM.

The competition consisted of 3 rounds. The first round was the ‘Selection Round’, in which teams were supposed to answer technology related questions on google form, which helped the judges to select top 6 teams for our next round, ‘Elimination Round’. The selected teams competed among each other to pave their path to the final round, ‘Rapid Fire Round’, the round which let judges declare the winners.

The objective of the competition is to let students quiz their way to victory. The main aim was to offer participants a platform to showcase their knowledge and skills in a competitive environment. It challenged participants to expand their knowledge base and develop critical thinking and problem solving skills, while also fostering a spirit of healthy competition and teamwork, both within and across teams.

The final judgement was made by

1. Dr. Tarun Lata (ASH Department)
2. Ms. Sadaf Fatima (IT Department)

The rubrics for the judgement were: Accuracy, Speed and Clarity (of rules as well as questions)
